

## Alumni Research Bankruptcy Notice

Classmate Chuck Bosetti has provided this information regarding the bankruptcy of Alumni Research. Many of you may have received telephone calls from them over the years soliciting both information along with selling their publication of Allderdice Alumni classes from start to present with their classmates. One book had the price of approximately \$65

If you placed an order and have not received your book, it is unlikely that you will receive either your book or a refund. Alumni Research, based in Hollywood FL, filed for bankruptcy in August 2015. The doors are closed and all assets seized. All those concerned should be receiving some sort of notification from the court. Thank you Chuck for bringing this to our attention!
